SOUTH CAROLINA AMP / FSA

Williamsburg County

COUNTY WORKBOOK ROSTER | Exactly 2 farms, 2 selected fields

COUNTY WORKBOOK — TWO FARMS

01 Farm 17615

Tract 5419 / Field 7
Spreadsheet row 2

02 Farm 10519

Tract 3979 / Field 5
Spreadsheet row 3

Map roster: Williamsburg County_Producers.xlsx, Sheet1, rows 2 and 3 only.

Historical/master-only IDs 17614 and 5611 are excluded. They are not additional farms on this map.

Markers use representative points of the two selected source polygons. No address coordinates or invented locations are used.

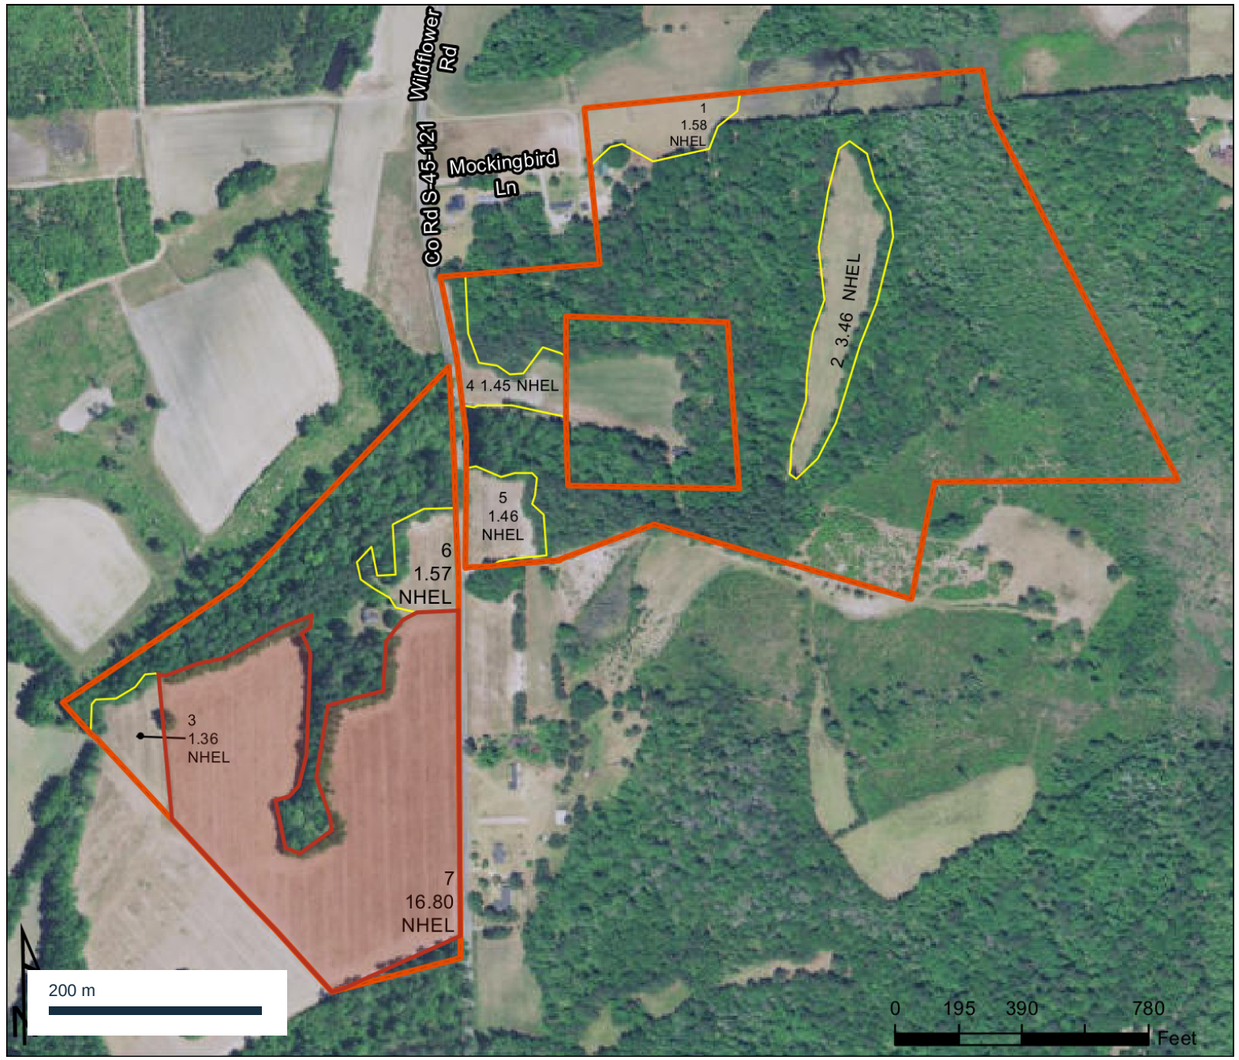

County overview: Census 2022 county boundary. Detail pages: supplied FSA aerial imagery with selected fields highlighted.

Registration, source identity and enrollment scope exceptions remain. Not a final satellite or topographic atlas.

Williamsburg County

01 / Farm 17615 | Tract 5419 | County-sheet Field 7

SELECTED FIELD FROM COUNTY WORKBOOK

Farm 17615 / Tract 5419 / Field 7

Printed FSA acreage: 16.8 acres

Recomputed polygon acreage: 16.819 acres

Colored fill and outline: the county-workbook selected field. Other printed fields and boundaries are source context and are not added enrollment records.

Source: Chris Berlin_FSA_mAP.pdf / page 1

Source imagery acquisition date is not independently established. This is supplied FSA aerial imagery, not a newly downloaded basemap.

GeoPDF reference and source vector/area checks passed. These checks do not establish survey accuracy.

FSA source imagery is registered through its original GeoPDF metadata. No topographic layer has been substituted or simulated.

Registration, source identity and enrollment scope exceptions remain. Not a final satellite or topographic atlas.

Williamsburg County

02 / Farm 10519 | Tract 3979 | County-sheet Field 5

SELECTED FIELD FROM COUNTY WORKBOOK

Farm 10519 / Tract 3979 / Field 5

Printed FSA acreage: 1.21 acres

Recomputed polygon acreage: 1.211 acres

Colored fill and outline: the county-workbook selected field. Other printed fields and boundaries are source context and are not added enrollment records.

Source: Christopher_Edward_FSA_Map.pdf / page 1

Field selection conflict: the Year 2 master workbook lists Field 7. This atlas follows county-sheet row 3, which lists Field 5.

Source imagery acquisition date is not independently established. This is supplied FSA aerial imagery, not a newly downloaded basemap.

GeoPDF reference and source vector/area checks passed. These checks do not establish survey accuracy.

FSA source imagery is registered through its original GeoPDF metadata. No topographic layer has been substituted or simulated.

Registration, source identity and enrollment scope exceptions remain. Not a final satellite or topographic atlas.
